

# Servite Summer Soccer

July 19, 2011—July 29, 2011

This summer the soccer program will be holding a camp for all returning students and players that wish to play in the soccer program from July 19-29th. Each day of the camp will consist of two sessions. The morning sessions will be training and the evening sessions will be friendlies (scrimmages against other teams). Any player that wishes to compete next season at the varsity or junior varsity level needs to take part in this program. Rosters for next years teams will be released by August 1st in the athletics section of the Servite website.

The cost for participation in the summer program will be \$250 per player. Each player will receive 2 Adidas jerseys and 1 sack pack. All money can be turned in directly to the athletic office (checks made out to Servite High School). Please make sure that you specify that it is for summer soccer conditioning. Spots will be given on a first come first served basis. (Please note that placement on teams for friendlies does not dictate what team that player will be on in the winter season.)
