

QUARANTINE/ISOLATION FAQs

My son tested positive for COVID, now what? Please keep him home to isolate per CDPH and OCHCA guidelines. He may return once it has been 10 days since symptoms started. Another option is if he has no symptoms from the date of the positive test or his symptoms are improving significantly and he is fever free without Tylenol for at least 24 hours, he can test on day 5 after symptoms onset / positive test. If he tests negative he may return to campus for class and activities. He would continue to mask up for the full 10 days. Please follow the guidelines for the Return to Athletics.

My son is a close contact to someone who tested positive for COVID, now what?

For more information on when your son has to quarantine and how to get cleared from quarantine, please follow the [Student Symptom Decision Tree](#). Notify the school nurse as well.

Does Servite accept home-based COVID tests? We will now accept home tests for clearance of illness or exposure.

How does Servite make decisions about how long a student is absent from school when they are sick/positive for COVID or on Quarantine? We follow the [Student Symptom Decision Tree](#) developed with the guidance of CHOC Pediatricians, OCHCA and Orange County School Nurses.

Does Servite need my son's COVID vaccination card? If your son is fully vaccinated/boosted please provide proof of vaccination to nurse@servitehs.org. Fully vaccinated includes a booster shot if it has been 5 months since he received his 2nd vaccine. As of January 6th, 2022, those 12 and up are eligible for the booster shot.

I am worried my son will fall behind, what should he do to keep up with his work?

Your son should reach out to his teachers, and find out what content and assignments he is going to miss and how the teacher would like him to keep up with the work. At the same time, the counselors and teachers will be notified of the extended absence from the attendance office.

Depending on the course and what is being covered on each day your son is out, the teachers will provide a variety of resources such as (recorded videos, guided notes, presentations, audio recordings, etc.) to support the student remotely. Additionally, teachers are available during office hours each day to meet with your son via Zoom to answer any questions or receive additional support. Please email the teacher directly to schedule a Zoom session.

Should you have any questions or concerns regarding your son falling behind in any of his classes, please contact his guidance counselor.
